

Heartworks Montana Preschool

~2020/2021 Program Schedule & Fees~

Our Preschool and Toddler programs are designed to run simultaneously of each other. I have found that preschool children benefit greatly from having the opportunity to engage with and work alongside younger children and toddlers also benefit from watching and playing alongside their older role models. My goal of creating these programs is to offer children a nurturing and safe environment to grow and learn through play and child directed activities.

Our Program: Our program offers your child the opportunity to learn through play, as well as bi-monthly themes and hands on activities in music & Movement, Art, Math, Science and Language Arts. Our daily rhythm and routine helps balance your child's natural curiosity, with the learning of gentle boundaries. Our emphasis is on honoring the spirit of every child and fostering relationships and social and emotional readiness skills.
